## CITY OF JANINA SURRENDERS AT LAST

**Smothered in Fierce Fire  
of Grapnel---Hoists  
White Flag.**

**Greeks Under Constantine  
Capture Army of  
Prisoners.**

(By Federal Wireless Telegraph.)  
ATHENS, March 6.—(Special to The Advertiser)—The Greek war office officially announced today that Janina, the great western Turkish fortress, has surrendered. The Greeks have taken 32,000 prisoners.

A bombardment of the fortress of the last two days and nights preceded and forced the surrender, which was made when Essap Pasha, early this morning, sent a flag of truce to Prince Constantine of Greece, who commanded the besiegers. Every available gun in the Greek positions, including many supplied by the Servians, took part in the shelling of the fortress.

Only Scutari now holds out against the Allies in the West, and reports received here are to the effect that as soon as the present severe weather there moderates that fortress cannot long sustain the assaults of the Montenegrin forces battling for its fall.

### THREE TRANSPORTS SUNK.

(By Federal Wireless Telegraph.)  
CONSTANTINOPLE, March 6.—(Special to The Advertiser)—Official announcement was made here today that the cruiser Hamidieh yesterday sank three Greek transports off Salonika, instead of one, as first reported, and that all on board were lost.

The Hamidieh attacked twenty-four Greek transports conveying soldiers, mostly Servians, to the front. Several of the transports were damaged and three destroyed and sunk.

## BRIBE CASE BLOCKS TRIAL FOR FREEDOM

(By Federal Wireless Telegraph.)  
NEW YORK, March 6.—(Special to The Advertiser)—Permission to withdraw his suit for a trial by jury to determine his sanity, was granted Harry K. Thaw, slayer of Stanford White, here today by Justice Giegerich, of the state supreme court, and the Pittsburgher was immediately returned to the Matteawan Asylum for the criminal insane.

This decision was reached by Thaw when he learned that the State proposed to use the proceedings before Justice Giegerich as a lever to disclose the so-called bribery scandal at Matteawan, in which Dr. John W. Russell, former superintendent of the insane asylum, alleged he had been offered \$25,000 by John Anshutz, a New York attorney, to aid Thaw in his effort for freedom.

BERLIN, March 6.—(Special to The Advertiser)—The total number killed as the result of the ramming of the torpedo boat destroyer S178 by the cruiser Yorck, off Heligoland, was given today as seventy-one, including two officers.

Joseph Tumulty, the President's private secretary, had arrived an hour earlier, long before any of the doorkeepers of the executive offices arrived.

Not in years has any secretary to the President arrived at his office as early as eight o'clock.

President Wilson called the cabinet together this morning for its first formal meeting.

The Japanese ambassador, the first diplomat to pay his respects to President Wilson, called at the White House this afternoon. Later the President received Augustus Thomas and Frederick Penfield, mentioned as prospective ambassadors, the government civil service commission and several delegations.

### Wilson Will Stand Pat.

WASHINGTON, March 6.—(By Associated Press Cable to Star-Bulletin)—President Wilson has already indicated to prominent congressmen as well as to newspapermen that there will be no immediate change in the foreign policy under the new administration.

This adjournment of parliament, which is expected tomorrow, will close one of the longest sessions for many years, both houses having been sitting since February, 1912.

## HIGH POSITIONS NOW CONSIDERED

**MANY NAMES ARE SUBMITTED  
TO PRESIDENT—J. O. DAVIS  
FOR COLLECTOR.**

(By Federal Wireless Telegraph.)  
WASHINGTON, March 6.—(Special to The Advertiser)—The appointment of J. O. Davis as collector for the port of San Francisco, is regarded a certainty here today, following the reported decision of President Wilson to consult with Secretary of the Interior Lane and Senators Works and Perkins of California, over all California appointments.

Both Secretary Lane and Senator Perkins are known to approve of Davis' candidacy for the collectorship.

It is also believed in political circles that State Senator Shanahan stands the best chance of appointment to the superintendency of the San Francisco mint. It also is reported that Senator Ford will be placed in charge of the San Francisco sub-treasury, if he desires the appointment.

It is authoritatively stated that President Wilson will tender the position of immigration commissioner at San Francisco to Anthony Caminetti. Caminetti is favored for the position by Secretary Lane.

HIS WAY.**

(By Federal Wireless Telegraph.)  
NEW YORK, March 6.—(Special to The Advertiser)—Dr. Frederick Friedmann, discoverer of an alleged tuberculosis cure, today moved his belongings from the Waldorf Astoria to the McAlpine Hotel. A hint from the management of the Waldorf Astoria that guests were complaining of the gathering of tuberculosis sufferers in the corridors of the hotel, caused Friedmann to change hotels.

Friends of Doctor Friedmann say the latter has complained bitterly of obstacles thrown in his way by certain health officials.

It was also declared that a number of influential New York physicians today assured Doctor Friedmann that they stood ready to assist him in any way.

Doctor Friedmann will see no patients while at the McAlpine, insisting upon absolute rest, while Doctor Lederle, chairman of the county medical board, and others, examine his culture.

## LOAN COMMISSION MAY BEG FOR HELP

The county government will probably be asked by the loan commission to assist in the completion of the belt road projects around this island, owing to the shortage of funds in the hands of the commission.

Both the contracts of the Lord Young Engineering Company for the Ewa-Lihou section, and the John Wilson company for the Heia section on Windward Oahu, came to more than was first estimated, and both will eat up about all the available money. In order to conserve the road fund some of the contract portions will be restricted.

It is understood that the contractor for the Heia four-mile stretch is meeting with difficulties not foreseen and the contract is costing him more than anticipated.

The Lord-Young Company is doing excellent work and has laid macadam to the gate at the Lihou military reservation. In addition many of the grades in the Kaimanua gulch have been filled and the road straightened.

## PATRONAGE PLAN IS GOOD FOR WALLER

**Secretary of Interior Lane  
Pledged to His  
Support.**

**Now Almost Sure of His  
Appointment as  
Governor.**

Through the appointment of Franklin K. Lane as secretary of the interior, and the announcement from Washington, appearing in The Advertiser yesterday morning, that President Wilson would leave the question of patronage to the heads of the various departments, the selection of Gilbert J. Waller as the next Governor of Hawaii is practically assured, in the opinion of his friends.

Lane, Rudolph Spreckels, and Isadore Jacobs led the fight for Wilson in California, and Waller was assured of the support of all three men long before Lane was invited to take a place in the cabinet. In fact, it is said, that during the national convention, Lane told Waller that he would work for his appointment, and in a way assumed the management of Waller's campaign on the mainland. It was Lane who advised Waller to call on Wilson at his

FRANKLIN K. LANE Who is the Secretary of Interior in Wilson's Cabinet.

\*\*\*\*\*  
summer home in San Geronimo, New Jersey, immediately after the convention, and Waller was the first convention delegate to congratulate Wilson.

With Lane's support pledged to Waller, the latter's friends cannot see how he can fail of the appointment. If Lane names the Governor, under the conditions, he will appoint Waller. If the President reserves this appointment to himself, Lane's influence as secretary of the interior will carry all the weight in the world.

According to recent advices from Washington, McCandless' ally, who boasted that he is the leader of a Democratic machine, has destroyed whatever chances he might have had. In the opinion of local politicians, the announcement that the heads of departments will dispense the patronage, means that Wilson has got from under, and that "to the victor belongs the spoils," will be the slogan.

Kept out of office for almost twenty years, it is but natural, say the politicians, that the demand for spoils is so weighty that the new President is not able to withstand it, and so has delegated to his lieutenants what to him might prove a disagreeable task. The work will prove anything but distasteful, it is predicted, to most of the cabinet members, particularly those from the South, and a clean sweep of the federal offices in Hawaii is predicted.

In fact, it is said that the special examiner from the department of justice who is now going over the books of the United States marshal's office, and that of the federal court clerk, is only here to check up preparatory to a change of administration, and on the intimation that Wilson would like to have the offices at his disposal within a month after taking office.

Through the irony of fate, it would appear that the only federal officer who would stand a chance of being retained by the new administration is United States District Attorney Breckins, who mailed his resignation March 4, and was the only federal officer to do so.

The new attorney general is a progressive Democrat, who has been serving as special prosecutor in the department of justice under the Taft administration, and under the circumstances it is believed will not make much of a spoilsman.

### LIBRARY MEETING POSTPONED

There was no meeting of the trustees of the Library of Hawaii yesterday afternoon; the meeting being postponed to half past four o'clock next Thursday afternoon.
